 - a. STATEWIDE TRANSPORTATION IMPROVEMENT FUND PLAN AMMENDMENT
5. PUBLIC COMMENT (3-minute limit)
6. OTHER ITEMS

Date: May 31, 2019

To: Transportation Advisory Committee

From: Jeff Hazen

Re: Statewide Transportation Improvement Fund (STIF) Plan Amendment

In our current plan, we have two student transportation projects included. One is the route from Knappa to Astoria and the other is Jewell to Seaside. This year's internship program only ended up with one student from Jewell and two students from Knappa and none of the three needs transportation services to their internship locations. These routes were to begin on June 17, 2019.

I am proposing that we eliminate the \$5,800 we budgeted for Fiscal Year 2019 that ends on June 30th for the internship transportation project. We would then replace the \$26,220 that is budgeted for Fiscal Year 2020 that begins on July 1, 2019 and ends on June 30, 2020 with \$5,800. The internship transportation project would then begin on June 15, 2020. I am also proposing that we add a student transportation project that would provide monthly bus passes to students in order to provide transportation for students wanting to participate in after school activities that may have barriers to transportation. These passes would be available to students at Astoria High School, Seaside High School and Warrenton High School. I would recommend \$5,000 for this program to begin in September of 2020 and end in May of 2021.

I would propose that we add 1 additional shelter purchase in Project 3 at a cost of \$15,000 and add a task to Project 3 to add trash receptacles at bus shelters and allocate the remaining \$6,220 to this task.

Staff is recommending that the Transportation Advisory Committee amend the STIF Plan and recommend that the SETD Board approve the amendments.
