Re: Pacific City Free Shuttle Begins Operations June 6, 2020

The 2020 Summer season's "Pacific City Free Shuttle" begins operating June 6th and will operate on weekends through Labor Day. The purpose of the Shuttle is to provide visitors in Pacific City transportation to and from Pacific City's designated public parking areas to destinations around town. Local Pacific City-Woods residents are welcome to ride the PC Free Shuttle too.

The Shuttle will depart Thousand Trails every 45 minutes and will operate along Brooten Road and make scheduled stops throughout Pacific City. The PC Shuttle route provides riders easy walking distance to most Pacific City destinations. The Shuttle will operate weekends through Labor Day.

The Oregon Health Authority's COVID-19 Transit Guidelines social distancing standards require all passengers wear facial coverings. Children under 2-years of age are exempt. Children 2 to 12 years of age are required to wear facial coverings if possible.

For more detailed information about the PC Shuttle Service please call the TCTD Customer Service at 503-815-8283 or visit "The Wave's" website at:
