September Meeting Minutes Ridership/Passenger Mile Tracking

Meetings are open to the public and accommodations will be provided to persons with disabilities. If a sign language interpreter is needed, please call Sarah Lu Heath at 971.328.2877 at least 48 hours prior to the meeting.

NW Oregon Transit Alliance Meeting Minutes September 12, 2025

Attending:, Cynda Bruce, David Carr, Cody Franz, Jennifer Geisler, Sarah Lu Heath, Arla Miller, Charlene Pech, and Brian Vitulli.

Consent Calendar: Ridership tracking and financials were reviewed by the group. Brian Vitulli moved to accept consent calendar, second by David Carr, passed unanimously.

Bus Stop update: The TCTD Board approved the final design contract in August. The project will be awarded to Jacobs Engineering. The working timeline is to have construction on all three bus stops completed by Autumn 2026. The group shared background on the bus stop project with David Carr to help onboard him as the new SETD Director.

Oregon Public Transportation Conference: November 2-6 in Bend. Brian Vitulli is serving on the Conference Program Committee. He will also be presenting a session on NWOTA's Zero Emission Fleet Transition. Additionally, Logan Hoffman from MAC will also be presenting a session on Using Data to Improve Rider Experience.

Zero Emissions: It was noted that ODOT is starting a Zero Emissions TA program, which could help NWOTA continue work on our ZE plan such as engineering for infrastructure improvements for electrification.

David shared some of his experience with hydrogen fuel cell projects in Reno and Austin.

The group also discussed a proposal from the NW Alliance for Clean Transportation. They are offering Technical Assistance to review the feasibility of using renewable natural gas for vehicle fuel. Brian Vitulli made a motion to further explore this opportunity, and that motion was seconded by David Carr.

Oregon Sustainability Board: Cynda shared invitation details: NWOTA has been asked to present regarding the background of the Alliance and our mission toward lowering emissions. The OSB will be meeting in Lincoln City on September 25th. Cynda Bruce, Brian Vitulli, and Sarah Lu Heath will attend in-person.

Website Updates: Logan Hoffman from MAC joined the meeting to share updates to nwconnector.org. Work completed includes, updates to the interactive search function, the homepage map, and adding a more dominant link to access the interactive map. The group agreed to make these changes live.

Brian Vitulli noted that Route 6 is not shown on the Homepage Map. MAC will work with him to get the graphic updated.

MAC continues to work on live bus tracking. At the moment, SETD is not consistently viewable, BAT and LCT are still working on on-bus equipment. AVL and GPS are barriers to reliable deployment. BAT is using Verizon as a GPS tracker because Benton County Public Works uses this vendor. This system is not the best for transit as it pings far less.

LCT learned that Swiftly did not provide all of the equipment needed for the system to work. Harnesses have now been acquired and are being installed as capacity allows. Work continues to deploy live-bus-tracking on nwconnector.org.

MAC will be reviewing APIs to see what new buses have come online.

NWOTA unanimously agreed to publish interactive map updates.

Route 3: TCTD currently ends Route 3 at the Midtown Stop on Hemlock Street in Cannon Beach. TCTD would also like to serve the existing SETD stop at Spruce & 2nd on the route to better serve riders. This will provide another connection opportunity in north Cannon Beach for TCTD and SETD customers.

Member Updates:

SETD: Received four new buses, three of which are inoperable or not up to standard. It's been several years since the agency acquired news buses, so they are eager to resolve issues with NW Bus, the provider. Mechanics are keeping buses in good condition, running over 400,000 miles. Also working on hiring drivers and implementing their micro transit pilot project.

ColPac: Contracting continues with ODOT for Transportation Options. Currently, ODOT expects to finalize the process in mid-November.

BAT: Self Perform Analysis is underway. 99W pilot project continues, at the vendor contracting stage. This will go from Junction City to McMinnville.

TCTD: Recently hired drivers that have been trained and are working out well. They are still seeking to hire a few more drivers. While still seeking to return to seven day a week service, the workforce level can't support it yet. TCTD is also seeking a new Finance Director. They are also working on an on-board rider survey to inform their Transit Development Plan. Work continues on bus stops in Garibaldi in alignment with ODOT's streetscaping work.

ODOT: Yamhill Transit will be transitioning leadership and a posting for their Executive Director position is expected to be published soon.

Arla shared that ODOT is going to cover GTFS data for agencies. Arla inquired as to whether NWOTA would be a pilot for this program since Trillium already has our data. The group agreed to participate.

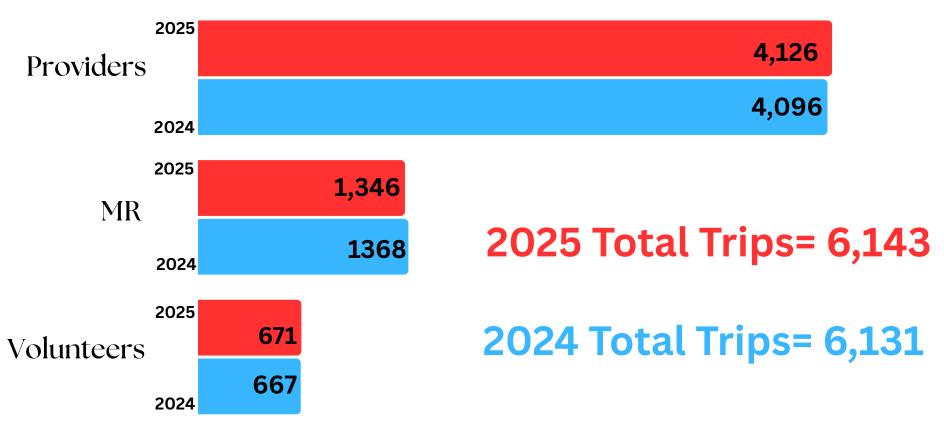

Due to the State/Federal situation regarding withholding federal funds from Oregon due to Sanctuary State status, FTA/ODOT contracts are not being executed by some agencies as they fear committing to provide services without certainty that those funds would be reimbursed.

LCT: Working on FTA contracts.

Meeting adjourned at 12:15pm.

Dir. Hanenkrat: Asked if we are going to be using the Trolley for anything else and the new Trolleys that are coming in. GM Vitulli stated that the existing Trolley will continue to be used for the PC Shuttle and events like parades and the new trolley buses will be put into regular revenue service.

Dir. Devlin: Asked if the trolley could be used for event transportation for people staying at different hotels. GM Vitulli stated that federal and state regulations do not allow the District to provide charter-type service for private events.

Dir. Ressler: Asked if there are different bike rack designs that make it easier for people to load bicycles on the front of buses. GM Vitulli stated that NWOTA adopted a revised bike policy in April 2025, and that riders are responsible for loading their bikes. There is a weight limit for the racks as it puts too much torque onto the racks. If rack is full, they are loaded into the back compartment. The new buses that are coming in will have wider trays to accommodate wider bicycle tires.

Dir. Sappington: None

Dir. Johnston: None

Dir. McCall: None

Chair Bean: Stated that he was on vacation and was able to see the other commuter buses on the coast.

19. Adjournment: Board Chair Bean adjourned the meeting at 7:03 pm.
