

Tillamook County Transportation District FY 2026–2027 Proposed Budget Report

TILLAMOOK COUNTY
Transportation District

Budget Message (LB-20 / ORS 294)

The FY 2026–2027 Proposed Budget has been prepared in accordance with Oregon Local Budget Law and is presented using the statutory fund, resource, and requirement structure prescribed in Forms LB-20, LB-30, and LB-10.

This budget reflects Tillamook County Transportation District’s (TCTD) continued effort to stabilize and strengthen its financial and operational framework while improving transparency and compliance. Over the past year, the District has improved the alignment between budgeted **resources** and **requirements**, clarified the distinction between departmental operating costs and non-allocated expenditures, and strengthened tracking of restricted revenues by fund and program.

TCTD operates in a highly grant-dependent environment, with the majority of resources derived from federal, state, and regional sources that are legally restricted by purpose. Accordingly, this budget emphasizes strict segregation of resources by fund, careful use of interfund transfers, and clear documentation of expenditures by organizational unit, program, and object classification.

The FY 2026–2027 Proposed Budget is balanced at the fund level, maintains appropriate unappropriated ending fund balances, and supports continued service delivery, capital investment, and regulatory compliance.

Public Summary — FY 2026–2027 Budget Overview

About the Budget

The FY 2026–2027 budget for the Tillamook County Transportation District (TCTD) outlines how the District will fund and deliver public transportation services for the upcoming fiscal year. The budget supports day-to-day transit service, regional mobility programs, facility operations, and long-term investments in vehicles and infrastructure.

The budget is prepared in accordance with Oregon Local Budget Law and ensures that money from federal and state grants is used only for approved purposes.

Budget Snapshot

- Total Budget: \$ 21,918,829
- Employees: 55.5 full-time equivalent positions
- Primary Funding Sources: Federal and state grants, Federal Medicaid, local property taxes, state timber and mass transit tax, fare box revenue, and service contracts.

What the Budget Supports

- Public Transit Operations: Fixed-route buses, dial-a-ride, and community transportation services
- NW Rides Program: Non-emergency medical transportation for eligible Medicaid members
- Fleet and Facilities: Replacement of vehicles, maintenance of vehicles and buildings, and infrastructure upgrades
- Regional Partnerships: Coordination with regional transportation providers

Where the Money Goes

- Nearly half of the budget supports staffing, maintenance, and service delivery.
- A significant portion supports contracted transportation services, particularly for the NW Rides program.
- Capital investments fund new buses, dial-a-ride vehicles, bus stops, and technology improvements.

Financial Stability

TCTD maintains reserve funds and unappropriated ending balances to ensure reliable service, manage grant reimbursement timing, and respond to unexpected expenses. The FY 2026–2027 budget is balanced and does not include new taxes.

Public Review and Adoption

The budget is reviewed by a Budget Committee, discussed at a public hearing, and adopted by the Board of Directors. Copies of the proposed budget are available for public inspection prior to adoption.

This Public Summary is provided for informational purposes and does not replace the statutorily adopted budget forms.

Understanding the Budget

Public sector budgets, particularly those involving multiple funding sources and grant programs, can be presented in different ways depending on how funds and financial flows are structured.

This section provides context to help interpret the District’s budget totals and structure.

Funds vs. Operations

The District utilizes multiple funds to account for different types of financial activity:

- **General Fund** – Supports core operations, including administration, transit service, and maintenance
- **Special Revenue Funds** – Account for restricted funding sources such as NW Rides and STIF
- **Reserve Funds** – Support long-term capital planning and future financial stability

Each fund is balanced independently in accordance with Oregon Local Budget Law.

Restricted vs. Unrestricted Funding

A significant portion of the District’s funding is restricted and must be used for specific purposes:

- **Federal and State Grants** – Limited to eligible transit activities
- **STIF Funds** – Must be used for approved transit services and programs
- **NW Rides Revenue** – Dedicated to non-emergency medical transportation services

These funds cannot be used interchangeably and must be tracked and reported separately.

Interfund Transfers

Interfund transfers are used to move resources between funds to ensure that restricted revenues are applied to appropriate expenditures.

For example:

- STIF funds may be transferred to the General Fund to support eligible operations
- Reserve funds may be transferred to support capital projects

These transfers are internal movements of funds and do not represent new revenue.

Why Budget Totals May Differ Between Years

The total budget amount may vary from year to year based on how funds and transfers are presented.

In prior budgets, interfund transfers and restricted funding flows were presented in a way that resulted in the same funds being reflected multiple times as they moved between funds. This approach can overstate the overall budget total without increasing actual available resources.

The FY 2026–2027 budget adopts a more refined presentation that:

- Aligns revenues directly with their intended expenditures
- Reduces duplication caused by interfund transfers
- More accurately reflects the District’s true operating scale

As a result, the current budget total is lower than prior years, but it provides a clearer and more accurate representation of the District’s financial position.

Key Takeaway

The District’s financial resources and service levels remain consistent with prior years. The change in total budget reflects an improvement in financial presentation and transparency rather than a reduction in funding or operations.

Executive Summary

Total Budget (All Funds): \$ \$21,918,829

Total Full-Time Equivalent (FTE): 55.5

Major Requirement Categories (All Funds)

- Personnel Services: Approximately \$4.77 million
- Materials and Services: Includes fuel, insurance, professional services, and contracted transportation
- Capital Outlay: Approximately \$2.9 million
- Interfund Transfers, Contingency, and Unappropriated Ending Fund Balance

Largest Program Area: NW Rides (Non-Emergency Medical Transportation Brokerage)

Primary Budget Objectives

- Maintain core public transportation operations
- Fund regional mobility and NEMT brokerage services
- Advance capital replacement and infrastructure projects
- Maintain compliance with grant and statutory requirements

Budget Structure and Legal Framework

The FY 2026–2027 budget is organized consistent with Oregon Local Budget Law and statutory budget forms:

- **LB-20 (Resources):** Identifies legally available resources by fund
- **LB-30 (Requirements):** Appropriates expenditures by organizational unit, program, and object classification
- **LB-10 / LB-11 (Special and Reserve Funds):** Segregates restricted and reserve activity

Each fund is balanced independently, with **total resources equal to total requirements**. Restricted revenues are budgeted only in funds and categories that meet eligibility requirements.

Resources Summary (LB-20)

Budgeted resources consist of:

- Beginning Working Capital (beginning fund balance)
- Federal, State, and Regional Grants (including FTA Sections 5310, 5311, 5305, and STIF)
- Current Year Property Taxes Estimated to be Received
- Fees, Fares, and Contract Revenue
- Interfund Transfers and Interest Income

Approximately 85–90 percent of total resources are derived from non-local sources. Interfund transfers are budgeted solely to align restricted resources with eligible requirements and do not create additional spending authority.

Requirements Summary by Object Classification (LB-30)

Total requirements are appropriated by the following object classifications:

- **Personnel Services:** Salaries and benefits for District staff
 - **Materials and Services:** Fuel, insurance, professional services, supplies, and contracted transportation
 - **Capital Outlay:** Vehicles, facilities, equipment, and infrastructure improvements
 - **Debt Service:** Principal and interest where applicable
 - **Interfund Transfers:** Transfers between funds as authorized
 - **Contingency:** Appropriations for unforeseen expenditures
 - **Unappropriated Ending Fund Balance:** Reserved for future expenditure
-

Requirements by Organizational Unit and Program (LB-30)

Organizational Unit / Program	FTE
Administration	6.0
Operations	35.0
Maintenance	3.0
NW Rides – NEMT Administration	11.5
Total FTE	55.5

Departmental budgets include only direct personnel and materials and services costs. Capital outlay, interfund transfers, contingency, and ending fund balance are budgeted as Not Allocated, consistent with LB-30 instructions.

General Fund Narrative

The General Fund accounts for core District operations, including Administration, Operations, and Maintenance.

- Personnel Services reflect staffing necessary for oversight, service delivery, and fleet maintenance.
- Materials and Services include fuel, insurance, professional services, supplies, and allocated central costs.
- Capital Outlay, Transfers, Contingency, and Unappropriated Ending Fund Balance are budgeted in the Not Allocated section to preserve departmental budget integrity.

The General Fund is balanced and maintains an adequate unappropriated ending fund balance to support cash flow and operational stability.

Property Management Fund (Fund 02)

Accounts for facility-related operating costs, capital improvements, and associated debt service.

Reserve Funds

Capital Reserve Fund

Maintained for grant match obligations and major capital expenditures. Activity consists of transfers, interest earnings, and unappropriated ending balance.

Vehicle and Bus Wash Reserve Funds

Maintained for specific future replacement and maintenance needs. These funds include limited activity and reserved balances and will be evaluated periodically for continued necessity.

Special Revenue Funds (LB-10)

NWOTA Fund

Supports participation in the Northwest Oregon Transit Alliance and regional coordination activities, including grant-funded projects.

NW Rides Fund

Supports the District’s Medicaid Non-Emergency Medical Transportation brokerage program. This fund includes contracted transportation services, mobility management, and program administration. It represents the District’s largest single program area

STIF Fund

Accounts for Statewide Transportation Improvement Fund revenues. STIF resources are restricted by statute and are budgeted primarily as project expenditures and transfers to eligible operating funds.

Financial Management and Tracking

The District continues to strengthen financial controls through:

- Improved alignment of resources and requirements by fund
- Enhanced transaction-level tracking of restricted revenues
- Refinement of cost allocation practices

These actions support compliance, audit readiness, and long-term financial sustainability.

Budget Adoption Statement (LB-50 Support)

The FY 2026–2027 Proposed Budget is submitted for adoption in the total amount of \$

The Board of Directors is requested to:

- Adopt the budget by fund and object classification

- Appropriate requirements consistent with statutory budget forms
- Authorize the Budget Officer to make interfund transfers as provided by law

Tillamook County Transportation District – FY 2026–2027 Proposed Budget

Appendix A — Narrative to Statutory Form Crosswalk

This crosswalk identifies where statutory budget form information is addressed within this Proposed Budget Report to support Budget Committee review, Board adoption, and audit review.

Statutory Form	Form Purpose	Narrative Section(s)
LB-20	Statement of Resources by Fund	Sections 1, 7, 8, 9, 10, 12, 13, 14
LB-30	Appropriation of Requirements by Org Unit, Program, and Object Classification	Sections 2, 3, 4, 5, 6
LB-10	Special Revenue Fund Resources and Requirements	Section 7, 12, 13, 14

Statutory Form	Form Purpose	Narrative Section(s)
LB-11	Reserve Fund Resources and Requirements	Section 8, 9, 10
LB-50	Notice of Property Tax and Budget Adoption	Section 15, 16

Additional Clarifications

- Departmental Personnel Services and Materials and Services appropriations correspond to LB-30 allocated organizational units.
- Capital Outlay, Interfund Transfers, Contingency, and Unappropriated Ending Fund Balance are reflected as **Not Allocated** in accordance with LB-30 instructions.
- Special and Reserve Funds are independently balanced as required by Oregon Local Budget Law.

Overview

The proposed budget for the Tillamook County Transportation District for fiscal year 2026-2027, detailing financial plans, funding sources, and organizational allocations.

Adopted totals by fund (FY2026-2027)

Fund	Adopted TOTAL REQUIREMENTS
General Fund	11,602,567
Property Management Fund	296,000
Capital Reserve	939,392
Vehicle Reserve	5,000
Bus Wash Reserve	23,140
STF Fund	0
NWOTA	708,452
NW Rides	7,535,000
STIF Fund	809,278
Subtotal (all funds)	21,918,829

Organizational unit totals (where applicable)

- General Fund organizational-unit/program total: **7,279,348**
 - Dept 002 Operations: **3,261,996**
 - Dept 003 Maintenance: **1,183,580**
 - Dept 04 NEMT NW Rides (within General Fund): **1,547,593**
 - Note: The organizational-unit/program total shown in the General Fund (7,279,348) is the sum for all GF org units/programs; only the three listed above are explicitly shown in the retrieved pages. The difference between 11,602,567 (GF total requirements) and 7,279,348 (GF org-unit/program total) is captured under GF "Not Allocated" (capital outlay, interfund transfers, contingency, and ending balance) of **4,323,219**.

Interfund transfers to exclude (requirements side)

Source fund	Transfer out
General Fund	572,452
Capital Reserve	430,490
NWOTA	282,510
NW Rides	1,547,593
STIF Fund	513,826
Total transfers out	3,346,871

Tillamook County Transportation District – FY 2026–2027 Budget
